5. Inadequate number of revenue vehicles had hampered mobility of revenue supervisors and collectors. In the FY 2022/23 budget, the department allocated funds to carry out major services for the vehicles in revenue.
6. The department had proposed new revenue streams in the Finance Bill, 2021. Upon deliberation by the cabinet, the proposals were deferred.
7. The department of Finance and Economic planning is pursuing the responsible departments to fast track the long pending revenue support legislation.

Challenges the Department faces in Local Revenue Collection

The department has faced the following challenges in revenue collection:

- i. There is unprecedented resistance to pay taxes from the citizens obligated to pay. The major sectors affected are town service vehicles and bodaboda who claim that the dual carriage road is still under construction and not in good shape. Most of the town service vehicles ply between Bungoma town and Kanduyi.
- ii. Political interference and incitement against the tax payers is evident. This starts with non-compliance by the political class in regard to payment of property rates, parking fees, single business permits, liquor licenses and stall rent.
- iii. The Covid-19 containment measures affected collection from PSV stickers and Liquor license fees as a result of reduced business hours caused by the just ended night curfews.
- iv. The market support infrastructure is still in bad state. These include the auction rings (Chwele, Kimilili, Kamukuywa, Misikhu, Webuye and Mbakalo), sanitation facilities, slaughter houses (Bungoma, Webuye and Kimilili) The county staff houses where the department collects rent are in deplorable condition.
- v. Motivation programs for revenue collectors with starling performance have not been possible. Re-imbusement of transport to revenue collectors and supervisors traversing across large
