FOREWORD

The Programme Based Budget (PBB) for the financial year 2026/2027 is a comprehensive plan focusing on aligning financial resources with program objectives to improve efficiency and accountability in public service delivery with the aim improving the lives of its citizens. By focusing on county's policies, objectives, programs and financial allocations, the PBB shifts the emphasis from mere accounting for money to accountability for the results of county government spending.

The County Government of Bungoma through this Program Based Budget (PBB) 2026, has a core duty of undertaking programmes/projects as planned with an aim to allocate resources to priority community initiatives. In this regard, while preparing this budget, we carefully scrutinized budget programs to ensure their optimal alignment with the County Development Agenda as outlined in the County Integrated Development Plan III (2023-27), the National Government priorities under the Medium-Term Plan IV and the Sustainable Development Goals.

This Programme Based Budget is prepared against a background of stable global and domestic economic outlook. Global growth is projected at 3.2 percent in 2024 and 3.3 percent in 2025 from 3.3 percent in 2023. The outlook reflects economic recovery in China, Euro area and UK.

On the domestic front, the Kenyan economy has recovered to 5.6 percent in 2023 from 4.9 percent in 2022 following a strong rebound in agriculture after two years of severe drought. Economic growth is estimated to have slowed down to 4.6 percent in 2024 from a growth of 5.6 percent in 2023 reflecting deceleration of economic activities in the first three quarters of 2024 and the slowdown in private sector credit growth to key sectors of the economy. Growth is expected to pick up to 5.3 percent in 2025 and retain the same momentum over the medium term largely driven by enhanced agricultural productivity and resilient services sector.

The County Government will leverage on the National Government agenda that is geared towards economic turnaround and inclusive growth which aims to increase investments in; Micro, Small and Medium Enterprise (MSME); Housing and Settlement; Healthcare; Digital Superhighway and Creative Industry.

In the medium term, emphasis will be placed on promoting investment in the targeted interventions in road infrastructure and promotion of MSMEs to enhance production, value addition and market access so as to attract local and foreign investments. This phase of development will emphasize on the following key transformational projects; Completion of Misikhu-Brigadier Road; Construction of phase 3 of Chemoge High Altitude Centre; Construction of Kanduyi Urban Bus Park and market; and the Construction of modern market at Kamukuywa.

The County Treasury will continue increasing revenue mobilization through revenue administrative and system reform measures including: enactment of relevant pieces of legislation to inform administration of various fees and charges; Enhancing all the Bungoma Automated Revenue Management System (BARMS) modules; appointment of the County receiver and collectors of revenue; Operationalizing a County Revenue Board; Introducing tax incentives among others.

We value immense support of our development partners. The synergies created by our development partners will enable the county government accomplish its tasks as envisaged in the County Integrated Development Plan.

A Hub of Diversity and Socio-economic Development

Mission

To create, nurture and sustain an enabling environment for quality and adequate service delivery, sustainable development, and prosperity of all communities in Bungoma County

CHAPTER ONE: BACKGROUND INFORMATION

1.0 Background

This programme based budget is the third prepared under CIDP (2023-2027) as provided for under section 117 of PFM Act of 2012. It highlights the progress made in the implementation of the strategic interventions articulated in the Socio-Economic Transformation Agenda of the Bungoma County Integrated Development Plan (CIDP 2023-2027), Bungoma County Annual Development Plan (CADP 2026/2027) and aligned to the Fourth Medium Term Plan of the Vision 2030.

The priority programs are set out in the County Fiscal Strategy Paper (CFSP 2026), also policies and reforms to be implemented in the Medium-Term Expenditure Framework (MTEF). Going forward and over the medium term, the county will consolidate the gains realized under the plan with a special focus on the six tenets of Sustainable Development: economic growth, poverty reduction, income generation, employment creation, improved service delivery and business development.

Emphasis has been placed on promoting investment in the targeted interventions in road infrastructure and promotion of MSMEs to enhance production, value addition and market access to attract local and foreign investments.

The Annual Budget Estimates for FY 2026/27 have been prepared against a backdrop of a moderately stable but uncertain global and domestic economic environment. According to the International Monetary Fund (IMF), global growth is projected at approximately 3.1 percent in 2026, supported by easing inflationary pressures, improved financial conditions, and gradual recovery in major economies, although downside risks remain due to geopolitical tensions, high debt vulnerabilities, and global trade uncertainties.

On the domestic front, Kenya's economy has remained resilient despite fiscal and external challenges. The economy expanded by about 4.6 percent in 2025, supported mainly by agriculture, construction, mining, and the services sector, although growth slowed compared to earlier projections due to subdued private sector credit growth, high cost of living, floods, and reduced public expenditure. Economic growth is projected to improve gradually to between 4.9 percent and 5.3 percent over the medium term, driven by enhanced agricultural productivity, easing inflation, stable exchange rates, recovery in private sector lending, and sustained growth in the services sector.

Macroeconomic fundamentals have generally improved, with inflation remaining within the Central Bank of Kenya target range, a relatively stable exchange rate, improved foreign exchange reserves, and easing monetary conditions. However, fiscal pressures remain elevated due to high public debt, revenue underperformance, rising recurrent expenditure pressures, and increased global fuel prices associated with geopolitical tensions in the Middle East.

The FY 2026/27 Budget therefore seeks to support economic recovery and inclusive growth while maintaining fiscal sustainability through prudent expenditure management, enhanced local revenue mobilization, prioritization of high-impact development programmes, and implementation of reforms aimed at improving efficiency in public financial management and service delivery

The total budget of Kshs.16.9 billion for FY 2026/27 is distributed between the County Executive (Kshs.15.7 billion) and County Assembly (Kshs.1.16 billion). Recurrent expenditure is estimated at Kshs.11.73 billion while development is Kshs. 5.17 billion Which is 69 % and 31% respectively.

In the FY 2026/27 Own Source revenue collection including Appropriation-in-Aid (A.i.A) is projected at Kshs. 2.71 billion which is a 92% projection on the Actual revenues collected in FY 2024/25. This revenue performance will be underpinned by on-going reforms in tax policy and revenue administration. Local revenues will amount to Kshs. 825M and Appropriation in Aid Kshs. 1.88 Billion

The County Government leverages on the National Government agenda that is geared towards economic turnaround and inclusive growth which aims to increase investments in; Micro, Small and Medium Enterprise (MSME); Housing and Settlement; Healthcare; Digital Superhighway and Creative Industry.

The County continues to implement its priority projects for last financial year which include the completion of the legacy projects i.e Construction of phase 3 of Chemoge High Altitude Centre; construction of a modern market at Kamukuywa; Completion works on Naitiri-Brigadier-R Nzoia road; Construction of phase 3 of Chemoge High Altitude Centre; Construction of Kanduyi Urban Bus Park;

Other major focus programmes for FY 2026/27 include: Comprehensive Agriculture Support Program (Farm Input Support, Extension and Training); equipping of the 300 and 100 bed capacity maternal/child blocks at Bungoma County Referral Hospital and Sirisia Sub County Hospital respectively; Expansion and Modernizing of Masinde Muliro Stadium and dualling of 6.5Km of the high traffic section of Mumias- Bungoma Road (C-33) from Kanduyi Junction to Sang'alo Junction; issuance of planting and top dressing certified fertilizer and seeds and to at least 500 beneficiaries per ward; among others.

The County treasury has put in place revenue administrative and system reform measures to increase revenue collection including appointment of the County receiver and collectors of revenue; Operationalizing a County Revenue Board; enactment of relevant pieces of legislation to inform administration of various fees and charges; Enhancing all the Bungoma Automated Revenue Management System (BARMS) modules; Introducing tax incentives among others. This will increase own source revenue and ensure availability of adequate resources to finance the County Priorities thus promote inclusive and sustainable economic growth and increase the quality of life and wellbeing of all residents of Bungoma County.

CECM- FINANCE AND ECONOMIC PLANNING

1.1 Summary of the Planning and Budget Process in Kenya

The Government adopted the Medium-Term Expenditure Framework (MTEF) approach to budgeting in the FY 2000/2001 and has adhered to this format since then. This strategy places Government policies and priorities at the centre of budgeting and planning. Some of its key objectives therefore are to link policy, planning and budgeting, as well as ensuring stakeholders' participation in budget making process.

Since 2000/01 FY, the Government has increasingly sought to link the Budget to the National/County Policies and Plans. Between 2003 and 2007 the Budget was based on the Economic Recovery Strategy for Wealth Creation. Since 2008, the Departmental Strategic Plans and annual budgets have been based on the Kenya Vision 2030 and its MTP I 2008-2012, MTP II 2013-2017 MTP III 2018-2022 as well as MTP IV 2023-2027.

Budgeting in Kenya is premised on the following key principles:

- **Comprehensiveness:** Coverage of budget has to include all public resources in scrutiny and allocation
- **Realism:** Estimates of resources and expenditure requirements has to be as realistic as possible
- **Transparency/accountability:** Openness in budget formulation, implementation, and evaluation to enhance accountability of systems and officials.

In line with these principles, the budget making process entailed the following sequential steps:

- I. Undertaking a review of the Macroeconomic Framework and preparation of the County Budget Review Outlook Paper (CBROP).
- II. Formulation of a budget program through a County Fiscal Strategy Paper (CFSP)
- III. Issuance of Guidelines for the budgeting process, including coverage of the following aspects;
 - Formation of Sector Working Groups
 - Mapping of Stakeholders
 - County Consultative Forums: The conduct of the CCF discussions and the basis for prioritizing areas for funding as well as the proposed interventions
- IV. Compilation of the CCF Budget Proposals and preparation of the County Budget by Treasury
- V. Review and Approval by the County Assembly in accordance with the Constitution of Kenya and the PFMA 2012.

The preparation of this budget was guided by the Kenya Constitution, the Kenya Vision 2030, the Annual Progress Report 2023-2024, the Medium Term Plans, Programme Based Budgeting Manual November 2011, the County Integrated Development Plan (2022-2027), and the socio-economic environment.

ROADS, PUBLIC WORKS, AND TRANSPORT

Part A: Vision

All citizens have access to sustainable, reliable, secure, and affordable transport infrastructure; risk free business environment; and resilient public installations for socio-economic development.

Part B: Mission

To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development.

Sector Goal

To support attainment of a sustainable social and economic development through provision and utilization of cost-effective, safe, reliable and sustainable transport infrastructure, public buildings and a risk free business environment.

Part C: Performance Overview and Rationale for Funding

The Department of Roads, Infrastructure and Public works is an enabler in service delivery of the County Government of Bungoma. Its functions bring together two sub sectors mandated as follows:-

NO	SUB SECTOR	MANDATE
1	Transport	Develop and maintain the County transport network including safety and other infrastructure. Monitor fire outbreaks and respond to all emergencies in the county including road accidents.
2	Public Works	Promote and regulate compliance with building standards in the county.

Over the Period of FY 2022/2023 – FY 2024/25, the County Government, through the Department of Roads, Infrastructure and Public Works, prioritized: development, expansion, modernization and maintenance of sustainable transport infrastructure to facilitate efficient movement of people and goods; enhancing compliance with globally accepted building standards through continuous monitoring and inspection of all public and private works; Promotion of public and transport safety; Strengthening institutional framework for infrastructure development; accelerating completion of sector priority projects; Partnership with the National Government and other stakeholders to develop and sustain access to opportunities in the transport industry. This has enhanced transport efficiency in the County urban areas and opened up the rural areas to enable movement of goods and services to accelerate economic growth.

In the Review Period, the Department targeted to Open and Maintain (Gravel) 1100KMs of Roads, Construct 5 Bridges and 36 Box Culverts across all the 45 wards and 9 sub counties. Further, on Upgrading of Rural and Urban Roads, the department targeted to upgrade 2.5KM

of urban and 20.85KM of rural roads to bitumen standards. The Department has so far realized a cumulative implementation index of 87.48% works completed on annual projects. The remaining 16.52% is expected to be realized by end of June since this mostly constitutes pending works under FY 2024/2025 Ward Based and Framework Projects. The Ongoing implementation of 2.5 KM Salmond - River Khalaba Road is at 60% while Phase II of Upgrading the 20.85KM of Misikhu - Brigadier Road is at 25%. Despite the erratic weather patterns, delayed exchequer releases and inadequate road maintenance machinery; the department leveraged on timely procurement of approved projects to ensure that all projects are completed within the financial year and handed over to the public. This enhanced public confidence manifested by reduced outcry on state of roads across the County.

The **key achievements** over the period include:

1. Upgrading of Urban Roads - 11.5KM of roads upgraded to bitumen standards in Bungoma town and lighting of the Dual Carriageway
 - ❖ Salmond - River Khalaba road at 60% works complete - 1.6KM of the 2.5 road length done to completion including road carbs and signage. The project is fully funded by the County Government
 - ❖ Installation of 130 light masts on the 6.5 KM Musikoma – Kanduyi dual carriageway in Collaboration with Kenya Power and Lighting Corporation (KPLC)
 - ❖ Upgrading of 9.9KM of roads in Bungoma Municipality; 8.9KM implemented by Kenya Urban Roads Authority (KURA) as part of Madaraka infrastructure support while 1KM implemented by Kenya Rural Roads (KeRRA) on Muteremuko and Whiterose roads
 - ❖ 3 No. roundabouts completed on the dual carriageway to guide seamless flow of traffic
2. Upgrading of Rural Roads – 20.85KM Naitiri – Brigadier Section of Misikhu – Brigadier Road Targeted for Upgrading.
 - ❖ Upgrading of Misikhu - Brigadier road - Phase II of the project is currently ongoing. This involves upgrading of the road to Asphaltic Concrete (AC) Standards to cater for the increased loading that could not be sustained by the current status of the road as earlier designed and implemented in Phase I. The contractor is on site and so far, 10KM of AC has been carried out representing 50% of works done.
3. Maintenance of Rural Roads – 953KM of the targeted 1100KM of roads gravelled and maintained
 - ❖ County Road Maintenance (Own Machinery) – 30.8KM of roads implemented under the program
 - ❖ Ward Based Roads Projects – 845KM of roads implemented
 - ❖ Framework Contracting – 77.02KMs of roads implemented
4. Bridges and Box Culverts – 4 bridges and 38 box culverts
 - ❖ County Roads Program– 12 Box Culverts
 - ❖ Ward Based Roads Projects– 13 Box Culverts
 - ❖ Framework Contracting - 10 Box culverts
 - ❖ Governor’s Emergency Program – 4No bridges and 3 Box Culverts
5. MoU with West Kenya – 97.2 KM of roads in Tongaren Sub-County completed.
 - ❖ Naitiri/ Kabuyefwe Ward 16.5KM Complete

- ❖ Mbakalo Ward 16.1KM Complete
- ❖ Milima Ward 18KM Complete
- ❖ Tongaren/ Kiminini Ward 15KM Complete
- ❖ Soysambu / Mitua Ward 15.1KM Complete
- ❖ Ndalul/ Tabani Ward 16.5KM Complete

6. Transport and Public Safety

- ❖ To facilitate timely response to emergencies including fire and road accidents, the department undertook complete overhaul of the fire offices at Kanduyi which also serves as its administrative offices. The department also commissioned the Webuye fire station.
- ❖ In collaboration with the national government, installed lighting masts along the 6.5KM Musikoma - Kanduyi dual carriageway and transformed Ndengelwa – Kimaeti black spot section on A8 to a white spot through installation of lighting masts and warning signages.

The Department has over time faced challenges arising from changing weather patterns that have resulted in poor project completion rates that in turn affecting the absorption rates.

In the FY 2026/2027, the Ministry plans to continue with the observed trends in the previous year by completing the ongoing projects and initiating new projects that will add value to the livelihoods of Bungoma County citizens.

With re-conditioning of road maintenance levy fund grants from Kenya Roads Board, the department will focus on maintenance of the County transport network. To support ongoing reforms by the County Government on expansion of local revenue, the department has also prioritized provision for an enabling legal environment through review of the County Transport Act, 2015 and development of policy on hire of machinery. Accelerate project completion and payment processes to enhance investor confidence by reducing the pending bills risk.

TOURISM, ENVIRONMENT, WATER, NATURAL RESOURCES AND CLIMATE CHANGE.

Part A: Vision

A clean, healthy, environmentally sustainable and prosperous county with sufficient, accessible, and sustainable use of all natural resources for socio-economic development.

Part B: Mission

To promote sustainable utilization of county water and natural resources, protection and conservation of the environment, development and management of county water and sewerage infrastructure.

Sector Goal

To enhance the protection and conservation of environment, water and natural resource and the development and management of water and sewerage infrastructure.

Part C: Performance Overview and Rationale Funding

The sector mandates;

Sub Sector	Mandate
Environment	• Protection and Conservation of the natural environment including promoting climate change mitigation and adaptation.
Water	• Development and management of water and sanitation infrastructure. Conservation and protection of county water resource.
Natural Resources	• Development and management (Protection and Conservation) of county natural resources.
Tourism	• Development and promotion of tourist sites and attractions in the county

Expenditure Performance FY 2023/24

The department of climate change under environment has experienced major achievements in this financial year. Under the climate change institutional support grant the department was able to formulate legal frameworks that will support climate financing in Bungoma county (The Climate change management framework, a running county climate change action plan and ward level PCRAs). The department received 2 disbursements from the the KfW and IDA under the CCRI for the CCRIG phase 2.

The Tourism Directorate experienced zero project implementation due to budget cuts leading to no project being implemented during the 3-year previous budget period. The Environment Department has had 100%

absorption on its Solid waste management program which is the only project that is funded. The Department has a mandate to manage environmental pollution and storm water management, this has not been achieved as no budget allocation was provided for the programs due to low department budget ceiling.

The Directorate of Water had major achievements as follows: Construction of Community water projects through the CEF fund that reach the rural populations through springs protection, sinking boreholes and small pipelines. These projects are at 100% completion and are operational and serving the beneficiaries. Through collaboration with other NG MDAs the department managed to plant trees across the County under the Natural resources department.

During the implementation period FY 2024/25, the Department faced a number of challenges which include:

- Inadequate budgetary allocation to implement planned programmes in the department of Environment, Tourism and Natural Resources.
- Lack of a framework on project appraisal and identification of ward based projects.
- Emerging issues of noise pollution which is a mandate for the Environment department, has been at a low due to lack of logistical support and funding.
- Storm water management has not been implemented as there is no framework and budgetary allocation
- Delay in disbursement of funds from the National Treasury.
- Inadequate technical capacity in the Tourism, Environment, Water and Natural Resources Departments.

Recommendations

The implementing departments should seek alternative financing from development partners e.g., PPP to enable them meet their development targets. The department has two major partners the World Bank and the KOICA. The FfloodCa program through the national treasury is supporting counties to create adaptive capacities and climate resilience to enable communities cope with climate risks. KOICA has supported the department

in two major infrastructural projects and it is in the preliminary stages of financing a 3rd project KOICA 3.

In the medium term the Department of water is looking into implementation of ward flagship projects across all 45No wards.. The department is planning to connect households in Bungoma town and its neighboring wards to this gravity fed line to cut cost of treatment works and electricity pumping. These interventions will increase access to clean safe water from 26% to 35% by 2027.

Another key development plan is to ensure water projects sustainability; this will be done through formation and sensitization of community water users associations and project management committees for all community water projects.

Under the Natural Resources department, the county in partnership with the National Government has commissioned the GEF/ FAO project that will rehabilitate the Mt Elgon catchment area through the coffee, maize value chains.

The department of Tourism in the medium term will look to invest in low-cost high impact tourism products like home stays, nature trails, community tourism/cultural tourism and hospitality industry standards.

Since most tourist sites are located in private pieces of land the department will seek to provide lateral investments to the community owners to enhance its commercial viability to attract more visitors and increase revenue collections and data collection on tourist numbers to enable management to make decisions.

The tourist sites that are mapped need to be documented and digitized. A County website needs to be developed; these will boost the visibility of Bungoma County as a tourist destination in the western circuit. All these interventions need to be supported through PPPs and support from regional bodies and development partners.

With the financial and technical support towards climate change adaptation investments in the county there has been increase adaptive capacity among

communities and improved climate change resilience. The FfloCa program is in the 2nd year and there is general uptake on climate change adaptation planning and budgeting at the county level.

Brief description of mandate;

Major achievements for the FY 2022/23– 2024/25

In the period under review the department of Education and Vocational Training procured learning materials worth Ksh 15M and distributed to 823 ECD schools in the county with each ECDE learner getting two books, pencil and rubber. Teachers were given 3 quire books, maker pen, manila papers, chalks, paints among other teaching materials.

To strengthen the legal framework, the department drafted the health and nutrition feeding regulation, pre-primary regulation and Vocational Training regulations awaiting cabinet approval.

The department also initiated feeding program and brought on board 89,000 ECDE learners to uji program.

In an effort to motivate employees, the department promoted 34 teachers who had stagnated in one job group for a long time. This was a big milestone as for about five years No departmental employee has ever been promoted. The department is planning to promote all the remaining teachers in the 2025/26 financial year.

To increase digital literacy, the department on boarded 45 ECDE schools to digital literacy with the support of EIDU. Further ECDE teachers were trained on digital literacy. In addition the laptops were procured for the CECM and the chief officer to monitor digital program for those ECDE schools enrolled on digital literacy in the county.

To ensure that the vocational centres are adequately equipped the department procured assorted equipment worth 21 Million and distributed to various VTC centres.

Constraints and challenges in budget implementation and how they were addressed.

Delay in legislation of policies and guidelines in line with implementation of devolved functions,

The resources have not followed the functions ceded to the counties as per schedule IV of the Constitution for instance funds for tuition support (SYPT) in Vocational Training Centres was not remitted to counties,

Most training tools, equipment and learning in ECDs and VTCs are either inadequate, broken down or obsolete.

Frequent institutional disasters that require County assistance hence diverting funds not budgeted earlier to mitigate the effects e.g. Public Schools sunk toilets, fire inferno in learning institutions, wind effects ripping off the learning institutions rooftops, etc.

Overwhelming demand from the public hence stretching the limited resources available to unplanned for activities.

Recommendations to address the challenges/constraints

Fast tracking of legislation of policies and guidelines to be prioritized

Non devolved functions should not be prioritized.

More ECD teachers and instructors should be recruited,

Provision of modern tools and equipment

Strict adherence to work plan and procurement plan,

Need to strengthen resource mobilization,

Need to partner with donors and establish cordial linkages with the national government,

There is need to create special programmes unit complete with its own budget to handle emergencies to avoid eating into departmental budget.

Major services /outputs to be provided in the 2026/27 – 2028/29 and the medium term.

PART C. Performance Overview and Background for Programme(s) Funding

This lands sub sector is divided into lands, survey and physical planning departments. There mandates are;

Sub Sector	Mandate	Outputs

Survey	Promote and regulate survey services and provision of national geodetic control network points within the county	- Provision of national geodetic control network points within the County - Provision of title maps - Provision of updated national topographical base maps - Provision of geographical

Sub Sector	Mandate	Outputs
		information • Provision of quality control and assurance of title survey • Generation of land survey fees and other charges
Physical Planning	Promote sustainable land use practices and spatial development	• Policy formulation for management and administration of land • Preparation of national, regional and local physical development plans • Provision of advisory services and appropriate land use • Alienation of land of physical and social infrastructure • Development control and preservation • Processing of development application such as extension of lease, change of user and sub division schemes • Collection of documentation and preservation of public utility land within the count.

Sector achievements in previous FY include:

- Purchased 6 1/2 acres of land for wardbased projects
- survey of government land for valuation purposes
- issuing of 6 title deeds
- resolved boundary conflicts
- Acquisition of land for ward-based projects and land bank
- County Spatial plans approved
- Draft County Urban Planning Policy and regulations

Challenges Affecting the Lands Sector

The lands sector faces a range of interrelated challenges that hinder effective service delivery and sustainable land management within the County. These challenges include:

1. Inadequate Funding and Financial Constraints

The sector suffers from limited budgetary allocations, frequent budget cuts, and delays in exchequer disbursements. These financial constraints significantly affect the implementation of planned activities and service delivery.

2. Land Ownership and Documentation Issues

A substantial number of land parcels lack proper documentation, largely due to unresolved succession matters. This has led to ownership disputes and difficulties in land administration.

3. Cultural Barriers

Cultural disparities in land ownership, particularly in succession matters, continue to fuel disputes. Traditional African societies tend to be patriarchal, resulting in male-dominated property ownership and discrimination against women.

4. Ignorance and Low Literacy Levels

High levels of illiteracy and lack of awareness among residents have led to non-compliance with established land procedures. Many individuals undertake land transactions informally, resulting in disputes and legal conflicts.

In the Medium term period 2025/26-2028/29, the department of Lands will continue to put in place appropriate measures to enhance economic growth by focusing on the following;

- Land resource Survey/Mapping and Management
- County physical Planning and infrastructure and supporting the implementation of the big four agenda

HOUSING

PART A. Vision

Excellent, affordable, adequate and quality housing for all Kenyans.

PART B. Mission

To provide efficient, affordable, safe and reliable housing to all.

Sector Goal

To support attainment of a sustainable social and economic development in Bungoma County through promoting affordable and decent housing

Mandate for Housing Department in the County

Sub Sectors	Mandate
Housing	Promote sustainable development and management of decent and affordable housing for all.

Sector achievements in previous FY include:

- Construction of County executive office block 10% complete
- Construction of governors 50% complete and Deputy governors residence 10% complete
- Collected Kshs. 9,600,000 rent.
- Carried out housing inventory
- Ongoing slum upgrading for Mjini and Chwele Landi Matope for Construction of sewer line, upgrading of roads and Connection of water is 40% Complete Funded by KISIP Grant

Challenges

i. Legal and Institutional Policy Framework:

The department attributed low achievements due to inadequate policy, legal and institutional framework. Delay in the approval Policy and legal framework and enactment processes thus hindering delivery of services.

ii. Resource Management:

Inadequacies in three key resources hindered the realization of targets:

- Human Resource:** Human resource is inadequate in the department in terms of numbers and skills. This was largely due to existing freeze on employment and limited career progression. The department thus faced challenges in succession management and staff stagnation.
- Tools and Equipment:** Lack of necessary equipment and facilities was reported in the department. In addition, there was inadequate office space which hampered efficient operations and performance.
- Financial Resources:** Inadequate budgetary allocation and untimely disbursement of funds led to delayed execution of programmes. Delay in payment of pending bills, budget reviews negatively affected projects implementation.

iii. Proliferation of informal settlements: Uncoordinated and uncontrolled developments in the County are resulting in informal settlements. Unstandardized housing typologies, development on way leaves, irregular roads, absence/ inadequate solid and liquid waste management systems, inadequate percolation of social lines and public places is evidence of informal settlement across the County.

vi. Poor Housing conditions: Housing units for the defunct local authorities and those of the devolved functions are dilapidated due to inadequate budgetary allocation for maintenance.

BUNGOMA MUNICIPALITY

Part A: Vision

To be a Municipality of Excellence in provision of quality urban services

Part B: Mission

To provide quality public services in a fiscally responsible manner while preserving the municipality diverse character.

Part C: Performance Overview and Rationale Funding

Bungoma Municipality is charged with the responsibility of prudently managing the municipal economy to facilitate socio-economic development, management and control of public financial resources.

The Cities and Urban Areas Act, 2012 provides for the establishment of urban management structures including Cities and Municipal Boards as well as Town Committees. The County in compliance with this law established Bungoma Municipality after ratification of the respective Charters by the County Assembly. Subsequently, the Municipal Board was established for the management of the Municipality.

With support from World Bank under phase 1 of the Kenya Urban Support Programme (KUSP), Bungoma Municipality received KShs. 109,887,700 for FY 2018/19, KShs. 109,887,700 for FY 2019/20 and KShs. 29,210,115 for FY 2020/21. This enabled the Urban unit to robustly invest in several road infrastructure projects that has enhanced the provision of quality urban services and utilities.

Part of the KShs 109,887,700 received from the World Bank earmarked the upgrading of two urban roads to bitumen standards in FY 2018/19. The roads upgraded were: Khetias' Wholesale – Mama Fanta Teachers' Sacco – Court - Prisons Sharrif Hotel – IEBC offices, 1.2Kms at a cost of KShs 55,983,317.70 and Kanduyi – Stadium - Makutano 1.1Kms, which amounted to KShs 54,936,137.98. The money meant for FY 2019/20, was budgeted for the upgrading of Wings - Wambia and other CBD access roads within Bungoma Municipality, 1.3Kms at a cost of KShs. 52,870,749 and Sunrise - Marell, Bungoma High school and Moi DEB primary roads in Bungoma Municipality, 1.2Kms at a cost of KShs. 48,255,065 which were done to completion.

Consequently, KShs. 109,887,700 for FY 2020/21 was budgeted for the upgrading of phase 1 of Pamus – Muyayi – Ndengelwa road to bitumen standard (2.5Kms) though only KShs. 29,210,115 was received leading to a review of the project designs in consultation with all stakeholders hence

upgrading 0.87KMs of the planned road at a cost of KShs. 38,812,934 which was done to completion. .

In Financial year 2023/24 the Municipality initiated the construction of the Kanduyi Market Stalls and Bus Park Project one of the flagship projects of the County Government of Bungoma aimed at creating a conducive business environment for trading activities and reducing congestion along the Kanduyi Highway caused by Public Service Vehicles (PSVs).

The project further seeks to:

- Enhance own-source revenue collection.
- Promote order and efficiency within the PSV transport sector.

The project is multi-year in nature, spanning two consecutive financial years. It commenced in FY 2023/2024 and is expected to be completed in FY 2025/2026. Implementation is being undertaken through a contract awarded to M/s Taxan Investment Limited.

Kimilili Municipality is charged with the responsibility of prudently managing the municipal economy to facilitate socio-economic development, management and control of public financial resources.

The Cities and Urban Areas Act, 2012 provides for the establishment of urban management structures including Cities and Municipal Boards as well as Town Committees. The County in compliance with this law established two Municipalities; Bungoma and Kimilili respectively after ratification of the respective Charters by the County Assembly. Consequently, Municipal Boards for the two urban areas have been established for the management of the units.

With support from the World Bank funded Kenya Urban Support Programme (KUSP), Kimilili.

Additionally, the Urban Planning Unit prepared the Municipal Integrated Development Plan and Strategic Plan for the municipality to provide a sustainable framework pertaining identification, designing, implementation, monitoring, evaluation and reporting on the urban development processes.

BUNGOMA WOMEN EMPOWERMENT FUND

Part A: Vision

To be a sustainable and equitable social cultural and economic empowerment program to the women in the county.

Part B: Mission

To promote, mainstream and formulate programmers that empower marginalized women groups of the society by providing access to affordable loans and capacity building.

Part C: Performance Overview and Rationale Funding

The fund is mandated to coordinate economic empowerment development programmers in the county, In FY 2023/24 the fund recorded impressive achievements in various fields as outlined below.

Relating to the increasing default rate in group loaning repayments, we had to suspend the group loan product. The fund was approved to offer three products namely; group loaning, the LPO/LSO financing and asset financing products as stated under the Third Schedule, Sub-regulation 22 (1)-(b) of Bungoma County Youth And Women Empowerment regulations Fund Loan Products. This was after the advice from our county legal office to change some clauses in the regulation to do with vetting and approval for the award of the loan. Through the fund committee deliberations, we suspended the advancing of the products to pave way to amend the regulations in order to seal the loopholes; it's good to report the amendment is going on well currently at county assembly for approval.

We are as well amending the regulations to provide for individual products. Many youths and women that don't feel comfortable to work in groups but has more viable ideas will benefit from the fund in the near future.

We are as well currently working around with the fund committee to source more partners on the ground to increase our revenue to stop not only depending exchequer releases. This will ensure enough working capital for the fund to roll out all its mandate.

The fund with deliberations from the senate, we are currently formulating the fund Act to provide more legal framework to support the in achieving its mandate legally.

Challenges Bungoma County Women Empowerment Fund face.

a. Long outstanding loan/defaulters.

Currently there is huge uncollected amount of money outstanding as loans. Efforts to recover have yielded little resulted. Together with internal audit we are verifying the status of our beneficiaries to identify those that we can recover and those that we cannot trace for recovery.

Those we can recover, we indent to commence legal process to recover the outstanding amount.

b. Political interference.

The political input has negatively affected the programme, mainly in areas where their political rivalry the government of the day. Some local leaders have told residents not to repay the loan saying its government money and one should not be forced to repay.

c. Huge unemployment among youths

Huge unemployment status amongst the youths has created an artificial demand amongst the youths for loans just as the last resort. They join groups not for just to seek r funding to engage in meaningful job creation, but for job search and end up being unable to pay loans.

d. Inadequate knowledge on saving and investments.

A number of youths who are willing to enter groups for economic empowerment, majority are semi illiterate or no education at all. Despite interest to form groups for economic or social empowerment they suffer knowledge deficiency and experience to undertake some projects that can genuinely impact them positively.

PART D. Strategic Objectives

BUNGOMA COUNTY DISABILITY EMPOWERMENT FUND

Part A: Vision

To create a sustainable and equitable social cultural and economic empowerment to the disadvantaged in the society

Part B: Mission

To develop, promote and mainstream programmes that empower PLWDs groups of the society by providing access to affordable loans and capacity building

Part C: Performance Overview and Rationale Funding

The fund is mandated to coordinate, development and implementation of programmes in geared toward social-economic wellbeing of PLWDs in the county, In FY 2023/24 the fund recorded impressive achievements in various fields as outlined below;

The fund cumulatively advanced loans to PLWDs groups amounting to kshs, 5.8 million.

- a) Trained PLWDs groups on various aspects on economic empowerment and group dynamism.
- b) Under 10% allocation for plwds in women fund, we managed to advance kshs, 450,000 to plwds enterprise for LPO financing.
- c) We managed to sponsor PLWDs group to participate in agricultural exhibition on innovation and modern farming trends in Nairobi.
- d) We managed to graduate three of our beneficiaries from PLWDs group to sacco

We are as well amending the Empowerment fund Act to provide for more mandates as well as more efficiency in the management of the fund. Many persons living with disabilities that don't feel comfortable to work in groups but has more viable ideas will benefit from the fund in the near future.

We are as well currently working around with the fund committee to source more partners on the ground to increase our income to stop not only depending on exchequer releases. This will ensure enough working capital for the fund to roll out all its mandate

Challenges Bungoma County Youth and Women and Disability Empowerment Fund

1. Long outstanding loan/defaulters.

Currently there is huge uncollected amount of money outstanding as loans. Efforts to recover have yielded little result. Together with internal audit we are verifying the status of our beneficiaries to identify those that we can recover and those that we cannot trace for recovery. Those we can recover, we intend to commence legal process to recover the outstanding amount.

2. No budget allocation.

For the last four years, the department has not allocated funds to the programme. Failure to access exchequer funding for the four year as the main sources of funding to the programme and huge default rate has negatively impacted on the working capital of the programme. We are unable to run some programmes and activities as scheduled and this has a huge impact on the success of the program.

3. Political interference.

The political input has negatively affected the programme, mainly in areas where their political rivalry the government of the day. Some local leaders have told residents not to repay the loan saying its government money and one should not be forced to repay.

4. Huge unemployment among youths

Huge unemployment status amongst the youths has created an artificial demand amongst the youths for loans just as the last resort. They join groups not for just to seek for funding to engage in job search but they don't implement projects that they requested funds for.

5. Inadequate knowledge on saving and investments.

A number of people living with disabilities who are willing to enter groups for economic empowerment, majority are semi illiterate or no education at all. Despite interest to form groups for economic or social empowerment they suffer knowledge deficiency and experience to undertake some projects that can genuinely impact them positively.

BUNGOMA COUNTY YOUTH EMPOWERMENT FUND

Part A: Vision

To create a sustainable and equitable social cultural and economic empowerment to the disadvantaged in the society

Part B: Mission

To formulate, promote and mainstream programmes that empower marginalized groups of the society by providing access to affordable loans and capacity building to upgrade their living standard.

Part C: Performance Overview and Rationale Funding

The fund is mandated to coordinate youth development programmes in the county, In FY 2021/22 the department recorded impressive achievements in various sub-sectors as outlined below

Relating to the increasing default rate in group loaning repayments, we had to suspend the group loan product. The fund was approved to offer three products namely; group loaning, the LPO/LSO financing and asset financing products as stated under the Third Schedule, Sub-regulation 22 (1)-(b) of Bungoma County Youth And Women Empowerment Fund Loan Products. This was after the advice from our county legal office to change some clauses in the regulation to do with vetting and approval for the award of the loan. Through the fund committee deliberations, we suspended the advancing of the products to pave way for amendment to the regulations in order to seal the loopholes; it's good to report the amendment is going on well currently at county assembly for approval.

We are as well amending the regulations to provide for individual products. Many youths and women that don't feel comfortable to work in groups but has more viable ideas will benefit from the fund in the near future.

We are as well currently working around with the fund committee to source more partners on the ground to increase our revenue to stop depending exchequer releases. This will ensure enough working capital for the fund to roll out all more products.

Challenges Bungoma County Youth Empowerment Fund

e. Long outstanding loan/defaulters.

Currently there is huge uncollected amount of money outstanding as loans. Efforts to recover have yielded little benefits. Together with internal audit we are verifying the status of our beneficiaries to identify those that we can recover and those that we cannot trace for recovery.

Those we can recover, we intend to commence legal process to recover the outstanding amount. Those we cannot recover, we plan to do memorandum to the cabinet to request for writing off these loans in order to clean our books.

f. No budget allocation.

For the last four years, the department has not allocated funds to the programme. Failure to access exchequer funding for the four year as the main sources of revenue to the programme has dealt a huge impact to the fund, default rate has negatively impacted on the working capital of the programme as well. We are unable to run some programmes and activities as scheduled and this has a huge impact on the success of the program to advance its mandate to the citizens.

g. Political interference.

The political input has negatively affected the programme, mainly in areas where their political rivalry the government of the day. Some local leaders have told residents not to repay the loan saying its government money and one should not be forced to repay.

h. Huge unemployment among youths

Huge unemployment status amongst the youths has created an artificial demand amongst the youths for loans just as the last resort. They join groups not for just to seek for funding to engage in job search but they don't implement projects that they requested funds for.

i. Inadequate knowledge on saving and investments.

A number of youths who are willing to enter groups for economic empowerment, majority are semi illiterate or no education at all. Despite interest to form groups for economic or social empowerment they suffer knowledge deficiency and experience to undertake some projects that can genuinely impact them positively.

CHAPTER THREE: COSTING TECHNIQUES AND GUIDELINES FOR COMPUTING THE BUDGET BASELINE

3.1 Introduction

In compliance with the Treasury Circular No. CG/BGM/FIN/CIRC/MTB/VOL 4/(46) dated 22nd August 2025, the County Assembly of Bungoma has prepared its budget baseline using standardized costing techniques. The circular requires that all resource requirements be accurately costed and that CDAs select the technique providing the most plausible calculation results.

The County Treasury has developed a costing tool integrated into the IFMIS budgeting module to support standardized costing. This tool checks consistency with the latest expenditure ceiling, automatically calculates total sub-item cost per financial year, and compares the baseline amount with the expenditure ceiling to identify any fiscal gap.

3.2 Costing Techniques Applied

The following costing techniques, as prescribed in Section 1 of the circular (pages 46-47), have been applied to different expenditure categories:

Technique	Description	Application in CAB Budget
Quantity Multiplied by Price	Identifies quantities and associated prices for items. Primary technique.	Compensation of employees, utilities, insurance, training, hospitality, ward operations, motor vehicles, ICT equipment.
Trend Analysis	Extrapolates past trends based on expenditure pattern of most recent years.	Gratuity payments, membership fees, maintenance costs.
Lump Sum	Used for very small items to avoid calculation overload; cost kept constant in medium term.	Small office supplies, cleaning materials, sundry items.
Ad Hoc / One-	Expenditures for specific interventions not intended for	Project preparation fees, design and supervision costs, special

Offs ongoing activities. studies.

3.3 Specific Guidelines for Computing the Budget Baseline

3.3.1 Prices (Circular Section 2(a), page 47)

All budget baseline computations have used **current market prices** as at the time of preparation (August 2025 – April 2026). The County Treasury will factor an inflation adjuster in the costing tool to reflect the effects of inflation on prices for outer years (2027/28 and 2028/29).

Inflation Assumption: 5% per annum applied to outer year projections for goods and services.

3.3.2 Costing Recurrent Expenditure

a) Compensation to Employees (Section 2(b)(i), pages 47-48)

Item	Costing Technique	Quantity / Price Basis	2026/27 Estimate (KShs)

- Staff establishment schedule (Part I of PBB)

- SRC circulars on remuneration
- County Assembly Service Board approval for funded positions

Compliance with Fiscal Principle:

The wage bill is projected at 46.7% of total revenue, which exceeds the 35% ceiling. A staff establishment rationalization plan has been developed to address this over the medium term. The County Assembly has appealed to the CRA for a ceiling review.
