2.2 Submitted Petition

Petition to the County Assembly of Bungoma regarding the Utilization, Accountability, Transparency and Oversight of the Equalization Fund in Mt. Elgon Subcounty

THAT

1. Article 204 of the Constitution of Kenya, 2010 establishes the Equalization Fund whose purpose is to provide basic services including water, roads, health facilities and electricity to marginalized areas so as to bring the quality of those services to the level generally enjoyed by the rest of the nation.
2. The Public Finance Management (Equalization Fund Administration Regulations 2021), gives guidance on the management and administration of the equalization Funds.
3. Chapter Five of the Second Policy on the criteria for sharing revenue among Marginalized areas developed by the Commission on Revenue Allocation identifies three priority areas i) Water ii) Education iii) Health and recommends that there are also other priority areas like access roads, electricity and provision of security which are important factors of marginalization but require huge funding and hence it recommends partnership between National Government and County Government to consider funding these areas from their equitable shares.
4. Chapter four of the second policy on the criteria for sharing revenue among marginalized areas identifies several marginalized sublocations within Mt. Elgon constituency, including **Chepyuk, Kaimugul, Chongeywo, Sacho, Kubura, Sambocho, Koshok** and **Chepkitale** that qualified and were allocated equalization fund resources to bridge historical development inequalities. The people of these marginalized areas participated in project identification through public participation and prioritized projects relating to water supply, roads, health facilities, schools, electricity and other essential services
5. Despite the allocation of substantial public resources, the intended beneficiaries continue to suffer from inadequate access to safe water, lack of education infrastructure, poor road infrastructure, inadequate health facilities, insufficient electricity connectivity and other basic services, raising serious concerns regarding the implementation and utilization of the Fund.
6. There is widespread concern among residents that some Equalization Fund projects have either stalled, remain incomplete and were never commenced despite allocation of funds, or do not reflect the value of public resources reportedly spent.

ISO 9001:2015 Certified

7. The implementation of the Equalization Fund has lacked adequate transparency and accountability, and there is reasonable cause to believe that some funds may have been misappropriated, diverted, unfairly delayed, irregularly utilized or applied contrary to the constitutional purpose for which they were allocated.
8. **Article 10 of the Constitution** binds all state organs and public officers to uphold the national values and principles of governance including public participation, integrity, transparency, accountability and good governance. These constitutional principles must guide every stage of planning, procurement, implementing and reporting of Equalization Fund projects.
9. **Article 35 of the Constitution** guarantees every citizen the right of access to information held by the state. Despite several requests, residents have not been provided with complete information regarding Equalization Fund allocations, procurement processes, contracts, payments and implementation status on the projects.
10. **Article 174 e), (f) and (g) of the Constitution** identifies the objects of devolution as protecting marginalized communities, ensuring equitable sharing of national and local resources and bringing services closer to the people. Failure to effectively implement Equalization Fund projects undermines these constitutional objectives.
11. **Article 201 a), (d) and (e) of the Constitution** requires that public finance shall be guided by openness, accountability, prudent use of public money and responsible financial management. These constitutional principles appear to have been compromised in the implementation of Equalization Fund projects.
12. **Article 185 (3) of the Constitution** mandates the County Assembly to exercise oversight over the County Assembly and any other County Executive organs. Consequently, the County Assembly has both the constitutional authority and responsibility to investigate the implementation and utilization of Equalization Fund resources within Bungoma County.
13. **Sections 8 and 9 of the County Governments Act, 2012** Confer oversight responsibilities upon County Assemblies over County Executive organs and county public institutions.
14. **Sections 104 of the County Governments Act, 2012,** requires county planning and development to be based on meaningful public participation. However, many of the priorities identified by communities have either not been implemented or have been implemented contrary to community expectations.
15. **Sections 149, 154 and 157 of the Public Management Act, 2012** require accounting officers to ensure effective, efficient, economical and

ISO 9001:2015 Certified

transparent utilization of public resources while maintaining proper financial records and safeguarding public funds.

16. We have previously sought administrative intervention by writing to the relevant County Executive departments, the County Commissioner, Bungoma County and the County Executive Committee Member responsible for Finance through letters dated **7 June 2026** and **17 June 2026**, and further invited the concerned offices to attend a public accountability meeting held at Koshok on **7 July 2026** to explain the utilization of the Funds. Unfortunately, the invited officers declined to attend and no satisfactory response has been received to date.
17. The issues raised in this Petition are not pending before any court of law, constitutional commission or tribunal

2.3 PRAYERS BY THE PETITIONERS

1. Constitute a **Special Ad Hoc Committee** to investigate the planning, procurement, implementation, expenditure and utilization of all Equalization Fund allocations and projects implemented within Bungoma County.
2. Direct the Special Ad Hoc Committee of the County Assembly to undertake comprehensive oversight visits and physical verification of every Equalization Fund project implemented within Mt. Elgon Subcounty in the presence of community representatives and the project Identification and Implementation Committee (PIIC)

vii. Payment vouchers
viii. Interim payment certificates
ix. Completion certificates
x. Project inspection reports

ISO 9001:2015 Certified

xi. Handover reports
xii. Current implementation status of each project and
xiii. Certified expenditure statements

5. Direct that every Equalization Fund project within Mt. Elgon Sub County be subjected to technical inspection by the relevant professional officers to determine compliance with contractual specifications and value for money.
6. Recommend the Auditor-General conducts a Special Audit or Forensic Audit on all equalization Fund projects implemented in Bungoma County under the second Equalization Fund Policy.
7. Recommend recovery of any public funds found to have been irregularly paid and surcharge any public officer responsible in accordance with the Public Finance Management Act, 2012 and other applicable laws.
8. Recommend that any contractor found to have abandoned projects, undertaken substandard works or received payment without satisfactory performance be blacklisted from future public procurement and subjected to appropriate legal proceedings.
9. Direct the County Executive to publish within sixty (60) days a complete implementation status report of every Equalization Fund project showing the project location, contractor, contract amount, payments made, implementation status, beneficiaries, completion status and supporting photographic evidence.
10. Direct the County Executive to publish quarterly implementation reports on all Equalization Fund projects and make such reports publicly accessible to residents.
11. Ensure that future equalization fund allocations are strictly ring-fenced and utilized exclusively for the marginalized areas for which they are intended and in accordance with the Constitution, Equalization Fund Policy, Equalization Fund Regulations and any other legal instruments guiding the utilization of these funds.
12. Require the Assembly's investigating committee to table its report before the House within ninety (90) days together with recommendations for implementation and periodic follow-up reports until all identified irregularities have been fully addressed.
13. Grant such other relief or make such further orders as the County Assembly may consider just, lawful and necessary to safeguard public resources and protect the constitutional rights of the marginalized.

RE: PETITION TO THE COUNTY ASSEMBLY OF BUNGOMA REGARDING THE UTILIZATION, ACCOUNTABILITY, TRANSPARENCY AND OVERSIGHT OF THE EQUALIZATION FUND IN MT. ELGON SUB-COUNTY

We, the undersigned residents, community members and members of the Equalization Fund Project Identification and Implementation Committee (PIIC) of Mt. Elgon Sub-County in Bungoma County,

DRAW the attention of the County Assembly to the following matters:

THAT:

1. **Article 204 of the Constitution of Kenya, 2010** establishes the Equalization Fund whose purpose is to provide basic services including water, roads, health facilities and electricity to marginalized areas so as to bring the quality of those services to the level generally enjoyed by the rest of the nation.
2. **The Public Finance Management (Equalization Fund Administration) Regulations 2021,** gives guidance on the management and administration of the Equalization Funds.
3. **Chapter Five of the Second Policy on the Criteria for Sharing Revenue among Marginalised areas** developed by the Commission on Revenue Allocation identifies three priority areas being (i) Water (ii) Education (iii) Health and recommends that there are also other priority areas like access roads, electricity and provision of security which are important factors of marginalization but require huge funding and hence it

recommends partnership between National Government and County Government to consider funding these areas from their equitable shares.

4. **Chapter Four of the Second Policy on the Criteria for Sharing Revenue among Marginalised areas** identifies several marginalized sub-locations within Mt. Elgon Constituency, including **Chepyuk, Kaimugul, Chongeywo, Sacho, Kubura, Sambocho, Koshok** and **Chepkitale that** qualified and were allocated Equalization Fund resources to bridge historical development inequalities. The people of these marginalized areas participated in project identification through public participation and prioritized projects relating to water supply, roads, health facilities, schools, electricity and other essential services.
5. Despite the allocation of substantial public resources, the intended beneficiaries continue to suffer from inadequate access to safe water, lack of education infrastructure, poor road infrastructure, inadequate health facilities, insufficient electricity connectivity and other basic services, raising serious concerns regarding the implementation and utilization of the Fund.
6. There is widespread concern among residents that some Equalization Fund projects have either stalled, remain incomplete, were never commenced despite allocation of funds, or do not reflect the value of public resources reportedly spent.
7. The implementation of the Equalization Fund has lacked adequate transparency and accountability, and there is reasonable cause to believe that some funds may have been misappropriated, diverted, unfairly delayed, irregularly utilized or applied contrary to the constitutional purpose for which they were allocated.
8. **Article 10 of the Constitution** binds all State organs and public officers to uphold the national values and principles of governance including public participation, integrity, transparency, accountability and good governance. These constitutional principles must guide every stage of planning, procurement, implementation and reporting of Equalization Fund projects.
9. **Article 35 of the Constitution** guarantees every citizen the right of access to information held by the State. Despite several requests, residents have not been provided with complete information regarding Equalization Fund allocations, procurement processes, contracts, payments and implementation status of the projects.
10. **Article 174(e), (f) and (g) of the Constitution** identifies the objects of devolution as protecting marginalized communities, ensuring equitable sharing of national and local

resources and bringing services closer to the people. Failure to effectively implement Equalization Fund projects undermines these constitutional objectives.

11. **Article 201(a), (d) and (e) of the Constitution** requires that public finance shall be guided by openness, accountability, prudent use of public money and responsible financial management. These constitutional principles appear to have been compromised in the implementation of Equalization Fund projects.
12. **Article 185(3) of the Constitution** mandates the County Assembly to exercise oversight over the County Executive Committee and any other County Executive organs. Consequently, the County Assembly has both the constitutional authority and responsibility to investigate the implementation and utilization of Equalization Fund resources within Bungoma County.
13. **Sections 8 and 9 of the County Governments Act, 2012** confer oversight responsibilities upon County Assemblies over County Executive organs and county public institutions.
14. **Section 104 of the County Governments Act, 2012** requires county planning and development to be based on meaningful public participation. However, many of the priorities identified by communities have either not been implemented or have been implemented contrary to community expectations.
15. **Sections 149, 154 and 157 of the Public Finance Management Act, 2012** require accounting officers to ensure effective, efficient, economical and transparent utilization of public resources while maintaining proper financial records and safeguarding public funds.
16. We have previously sought administrative intervention by writing to the relevant County Executive Departments, the County Commissioner, Bungoma County, and the County Executive Committee Member responsible for Finance through letters dated **7 June 2026** and **17 June 2026**, and further invited the concerned offices to attend a public accountability meeting held at Koshok on **7 July 2026** to explain the utilization of the Funds. Unfortunately, the invited officers declined to attend and no satisfactory response has been received to date.
17. The issues raised in this Petition are not pending before any court of law, constitutional commission or tribunal.
