

## **MESSAGE FROM THE LEADER OF MINORITY**

The Minority Azimio one Kenya coalition party has a total of 12 members elected under its umbrella with an additional 4 nominated members. The parties under the coalition in the County Assembly are DAP, Jubilee and ODM.

Our role is to play oversight and put the government of the day on its toes. In doing so, we shall aspire to be objective, and fair. We shall not in any way be involved in witch-hunt but rather play our role as stipulated in the Constitution.

The minority coalition is supposed to chair key committees of Public Accounts and Implementation. This is well captured in our Standing Orders. The move is meant to ensure proper oversight and see to it that checks and balances exist. It is unfortunate that the Majority Kenya Kwanza alliance plotted a few independent MCAs to rob us of the positions. We shall continue to fight within the law to ensure we have a majority in these critical committees.

As a Minority Coalition, we shall collaborate with our majority counterparts where there is need. We shall support what is good. We aspire to ensure that our funds are put to proper use so that development is spread across all parts of our great County.

Our intention is to work with the government of the day both at County and national level to transform the lives of Kenyans.

In Committees, we shall always make our voice heard on all matters. Where we disagree with the Majority but they use their numbers to push through, we shall append the Minority report.

I urge and encourage our members to be active both in plenary and in committees.

Hon. Anthony Lusenaka, MCA Bukembe West Ward

MINORITY LEADER,

BUNGOMA COUNTY ASSEMBLY.
